

Welcome to Celtic Soul Journeys

JOURNEYING UPON THE LAND OF ÉIRU

ITINERARY Saturday 16thSept – Tuesday 26thSept 2017

Itinerary specifically organized for Stephanie Anderson

TO WALK IN PILGRIMAGE – to hear the call and our soul's response. To walk awhile in consciousness. To move into a place of union with the Divine. To fill the ache that lies within. An ancient calling that goes beyond time and space.

We start our journey in ceremony, calling upon the Great Earth Mother in Her many faces, to guide us as we move ever gently onwards and inwards allowing the flow of Her nature to carry us forward in honour to Her sacred body.

As part of our journey upon the Way, we will gather the threads and weave ourselves whole: as powerful and light-filled Souls. We will sing and chant, we will dance and move and there will be times when we will hold the silence and bear witness. For we come together to hear the pulse of Her nature and the beat of Her Heart through the inner and outer landscapes of Herself/ourselves.

Itinerary 16th – 26th Sept 2017

Pick up **DUBLIN** Airport 10:30a.m.

DAY 1: TUESDAY 16th Sept: AMAGH (D)

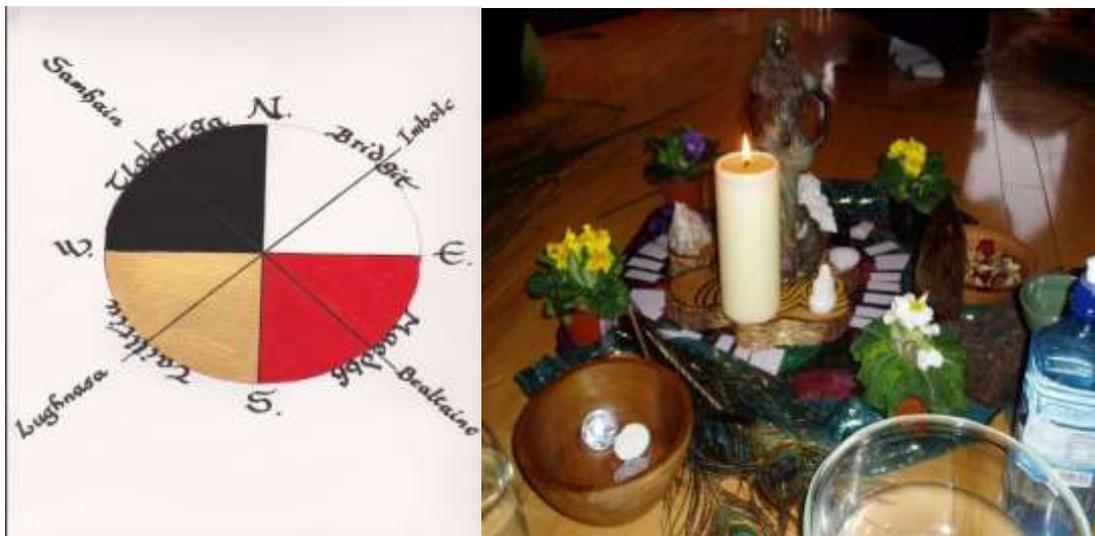

9:00 Attunement

We open our sacred Journey at Emhain Macha - the residence of Macha - the name of an ancient Earth Goddess - and ancient site of the royal residence of Ulster. In our stories and myths of the first invasions, each race of people who came to Ireland had a 'Macha' with them. We have different stories to remind us of Macha and we will remember them here. Macha holds the place of the west, our place of our 'becoming or undoing' upon the Celtic Wheel.

Acc: An Creagán, Co. Tyrone, Northern Ireland

DAY 2: SUNDAY 17th Sept – A DAY OF INNER WORK (B&D)

Today we will be immersing ourselves in the Celtic Woman's Path; getting to know the deities upon the Celtic Wheel and how we can access and deepen our communion with them. We will be opening ourselves also to Sacred Ceremony and Ritual. **Acc: An Creagán, Co. Tyrone, Northern Ireland**

DAY 3: MONDAY 18th Sept: BEAGHMORE STONE CIRCLES & TULLAHOGUE FORT (B&D)

Attunement 9:30a.m.

We cannot go the North of Ireland without visiting the deeply powerful site of Beaghmore Stone Circles.

Beaghmore is an amazing complex of 7 Stones Circles within one field. The complex of stone circles was found while the farmer was digging the bog in the 1940's and again in the 1960's. It is thought that there are even more sites deeper within the earth here. At Beaghmore, we have three sets of two circles and then one, which stands alone. Upon journeying within it I was given the name 'Dragon's teeth' for the seventh circle and you will soon see why. This is a very formidable place to journey within. This is truly a place of deep transition and connectedness. Lunch at An Creagán,

Tullahogue Fort was an ancient royal power centre which came to historical prominence again in the 11th Century when it was a dynastic centre for Cereln Eogain (later the O'Neill's). It is an embanked enclosure, separated from an outer bank by a wide flat space and no ditch. Like Tara, the ditches were not built for defence and have been now recognised as

being a place of worship. From its hilltop position, it commands wide views of the area and is visible for miles around. The site was abandoned by 1622.
Acc: An Creagán, Co. Tyrone, Northern Ireland

DAY 4: TUESDAY 19th Sept: GIANT'S CAUSEWAY (B&D)

Attunement 9:0a.m.

We cannot visit the North without visiting the Giant's Causeway, called 'One of the eight wonders of the world', which lies at the foot of the cliffs along the sea coast on the edge of the Antrim plateau in Northern Ireland. It is made up of some 40,000

massive black basalt (crystal) columns sticking out of the sea. Geological studies of these formations show that this striking landscape was caused by volcanic activity some 50–60 million years ago. **Acc: An Creagán**

Legend says that Finn was going about his business when a giant in nearby Scotland began to shout insults and hurl abuse from across the channel. This argument went on for many days. One day, while they were shouting at each other over the Sea of Moyle, Finn took a clump of earth and flung it at the giant. As the arguments continued, Finn decided to build the Causeway in order to make it easy for the giant to come and fight him. After so much hard work, Finn was exhausted and he fell asleep.

Oonagh, Finn's first wife, heard the sound of thunderous footsteps and she knew it was the giant come to fight Finn. Oonagh wrapped a blanket around Finn and stuck a bonnet on his head.

"Where's Finn?" roared the giant. "Shusha, shusha", whispered Oonagh - "You'll wake the wee one!" The giant looked at the snoring Finn. His jaw dropped. If the child was that hefty, what size would the father be? The giant ran like the wind, destroying part of the Causeway in his wake.
